

السيرة الذاتية

الاسم: د. نهلة جاسم الشاهري

الشهادات الحاصل عليها: بكالوريوس 1980

ماجستير 1987

دكتوراه 1994

الألقاب العلمية:

- مدرس مساعد: 1987

- مدرس: 1994

- أستاذ مساعد: 1998

كتب الشكر والتقدير: 30 كتاب شكر وتقدير

الاختصاص: علم الفسلجة الحيوانية/ فسلجة تكاثر

أسماء المواد التي قام بتدريسها:

1- فسلجة حيوانية

2- مسارات ايضية (دراسات عليا)

3- فسلجة تكاثر متقدم (دراسات عليا)

الإشراف: 8 طلاب ماجستير

البحوث المنشورة

1- The effect of serum concentration in the transferred medium on rat embryo implantation following embryo transfer (1996). 2nd Asian Symposium on Animal Biotechnology, Nanjing, China: 10-16.

2- The effect of superovulation hormones on rat embryo implantation following embryo transfer (1996). 2nd Asian Symposium on Animal Biotechnology, Nanjing, China: 504-509.

3- The effect of mild endometriosis on follicular growth in adult rats (1998). Ibn Al-Haitham Journal for Pure and Applied Science, 9(1): 24-36.

- 4- Infertility associated with experimentally induced mild endometriosis in rats (2001). *Ibn Al-Haitham Journal for Pure and Applied Science*, 14(2): 21-27.
- 5- Effect of phoenix dactylifera pollen on *in vitro* sperm activation of infertile men (2012). *Al-Mustansiriyah J. Sci.*, 23(6): 27-34.
- 6- Effect of L-carnitine on *in vitro* sperm activation of infertile men (2012). *Iraqi Journal of embryos and Infertility Researches*, 2(3): 22-25.
- 7- The influence of endometritic serums fluid and serum on the sperm functions and its fertilizing efficient in rats. *Journal of Genetic and Environmental Resources Conservation* (2014). 2(3): 307-314.
- 8- Ovarian response to high doses of human menopausal gonadotropin and pure-follicle stimulating hormones administration in rats (2004). *Ibn Al-Haitham Journal for Pure and Applied Science* ,17(4): 32-38.
- 9- The role of broccoli (*Brassica oleracea*) in the treatment for induced in albino rats (*Rattus norvegicus*) (2015). *Ibn Al-Haitham Journal for Pure and Applied Science*, 28(3): 286-301.
- 10- Effect of cold and hot aqueous extract of garlic on the reproductive performance of immature male mice until puberty (2016). *Journal of Genetic and Environmental Resources Conservation* proceeding of the 4th international Conference of Genetic and Environmental. Cairo, Egypt, July 23th-30th . 4(3): 765-783.
- 12- Potency of phitofert in improvement of reproductive efficacy in sulphide-treated rats (2018). *Journal of Global Pharma Technology*.
